22-REPORTED speech. Özne (egyptians) aynı olduğu için reduction yapılmış, bir derece past alınır. Will=would. Ayrıca tense uyumu var.
23- yeni bir şey buulmak anlamında UP bizi cevaba götürür. "Set to work for smt new"
24-kolaydı bu, sonunda=in the end
25- aynı anda olan bir eylem var, tense uyumu ve anlam bunu destekler. "when"

However hazy their grasp of astronomy may be, most adults hold several beliefs with some certainty. They believe, for example, that the Earth is round and that it revolves around another, larger round body (the Sun), **(16) ----** a smaller round body (the Moon) revolves around it. They also ***believe*** **(17) ----** certain familiar phenomena, such as the day-night cycle and the seasons, depend on the movements and relative positions of the Earth, Sun, and Moon. But how do adults come to form such beliefs? The facts of astronomy are hardly evident in everyday experience; ***if*** anything, ***the reverse*** **(18) ----** to be true. Children experience an apparently flat earth from which they see the Sun move **(19) ----** ***the sky***, and they learn things that seem incompatible with the notion that people could somehow live on the surface of a large ball. Is the development of adult-level understanding, therefore, simply a matter of suppressing childish beliefs and gradually **(20) ----** ***the views*** of modern adult society?

C) whom
D) who
E) which

All hay fever sufferers will be aware of the pollen "rain" that **(16) ----** them in the spring and summer. Pollen grains – the tiny male reproductive bodies of flowering plants – have an almost **(17) ----** outer Shell (exine) that can survive ~~in certain sediments~~ for tens of thousands of years. In pollen analysis the exines are extracted from the soil, studied under a microscope, and identified **(18) ----** the distinctive exine shape and surface ornamentation of different families and genera of plants. **(19) ---** quantified, ~~these identifications are~~ then plotted as curves on a pollen diagram. Fluctuations in the curve **(20) ----** each plant category may then be studied for signs of climatic fluctuation, or forest clearance and cropplanting by humans.

19-"out of... into" "from.. to" yapısına benzer bir şekilde kullanılmış
20-Duygu ve düşüncenin ETKİLEŞİMİ (iki şey etkileşmde bulunur)

In the later part of the Middle Ages, cities created asylums to cope with the mentally ill. These asylums were simply prisons; the inmates were kept on chains in dark, filthy cells and were treated more as animals (**16**) ---- as human beings. It (**17**) ---- until 1792, when Philippe Pinel was placed in charge of an asylum in Paris, that some improvements were made. As an experiment, Pinel removed the chains that (**18**) ---- the inmates. Much (**19**) ---- the amazement of skeptics, who thought Pinel was mad to unchain such "animals", the experiment was a success. When placed in clean, sunny rooms, and treated kindly, many people who for years (**20**) ---- hopelessly insane improved enough to leave the asylum.
